BIG WINS

545 more kids had the chance to play this season compared to Fall 2024 — 545 more stories of confidence, teamwork, and joy.

22% of families reported it was their child's first-ever time playing a sport, opening the door to a lifetime of possibility.

This season, **46% girls and 53% boys** had the opportunity to play, a meaningful step toward **making access to sports more equitable for every child.**

AALIYAH J., AGE 11, AUGUSTA, GA

"My daughter has been terrified of water before she even started walking. My family and I take vacations and she would hate to get in pools. Every Kid Sports gave my child the opportunity to join swimming lessons. My favorite moment is looking at her smiling at me because she floated on her own. My child is in lesson 5 and has already learned to float. I'm so proud of her."

LORELEI S., AGE 6, DEER PARK, TX

"Our daughter has sat with us watching hockey on the couch for all her 6.5 years. She begged us to let her play when we discovered that Houston had a girls league. Thanks to Every Kids Sports, we were able to offset some of the cost for her hockey fees. Watching her gain confidence and skill on the ice has been so inspiring! Every practice she figures out a new skill, and even when she falls, she's learned to get back up! The best was getting to watch her be goalie for the first time! She saved every shot except two, and helped her team win! She was beaming from ear to ear when the game ended! We wouldn't trade these memories for anything!"

- Lorelei's mom, Megan

JEANAJAY H., AGE 14
DEEFIELD BEACH, FL

"I want to begin by expressing my heartfelt gratitude for the scholarship that allowed my son to continue playing the sports he loves. Without it, he would not have been able to run track or pursue his dream of reaching the 2028 Olympics. Your generosity has been life-changing."

- Jeanajay's mom, Doritha

PHILLIP B., AGE 8, VICTORVILLE, CA

"Phillip aka P2 has been so blessed to be able to play baseball. He loves the sport so much and grows more and more every season. His willingness to be a coachable player, dedication to the team and his great attitude makes his coaches happy to have him. He plays 3rd base and is a pitcher. He tries hard and always has a positive attitude. Ty for supporting him."

- Phillip's mom, Jacqueline
