SALVADOR C., AGE 5, TUCSON, AZ
BASKETBALL
“Playing sports has made a powerful difference for our entire family. It’s helped us build a healthier, more active lifestyle and brought joy through practices, early mornings, and weekend games. As parents, we’ve seen our children grow in confidence, teamwork, hard work, and resilience in the face of adversity. Thank you for supporting our child in the sport they love.”
- Salvador’s mom, Jennifer

MIRA I., AGE 10, MERIDIAN, ID
GYMNASTICS AND CHEER
“Mira is neurodivergent, which brings both strengths and challenges in a world not always designed for her. While learning and focus can be difficult, she is a talented gymnast and cheerleader with a strong drive to improve. Cheer has been a powerful outlet for her—building confidence, strengthening her abilities, and giving her a place where she feels capable and proud of herself.”
- Mira’s mom, Hannah
